

Reno County Teen Job Fair

Saturday, April 5th • 9 am - 1 pm
HCC Industrial Technology Building
614 East 14th Avenue

Every year, millions of teens work in part-time or summer jobs that provide great opportunities for learning important life skills and acquiring hands-on experience. **When you employ a Reno County teen, you give them a reason to consider Reno County when they are ready to join the workforce as adults.**

This one-day event will attract teens from all over Reno County. Resume writing, interview skills and employer expectation seminars will prepare teens to attend the job fair. Teens will come with resumes and completed applications prepared to interview with your company on the spot. Find your next "Employee of the Year" at the Reno County Teen Job Fair!

To reserve your spot for the job fair contact:
